

Lyden Oil Company

ProGuard

Product Information

ProGuard BIO Form Oil

ProGuard BIO Form Oil is formulated from a special blend of soybean oil and additives. It shows excellent parting characteristics when concrete forms are removed. In addition, it provides rust protection to metal forms and will not stain concrete. Application may be made by brush, swab or spraying. It contains a proprietary releasing agent to help the concrete separate from the forms.

Benefits

- Smooth release
- Improved surface finish
- Rust protection for metal forms
- Readily biodegradable

Typical Properties

ProGuard BIO Form Oil

Product Code Number	17829
Viscosity, cSt at 100 °F, ASTM D-445	32
Flash Point, °C (°F), ASTM D-92	260 (500)
Specific Gravity, at 60 °F	0.9153
Color	1.0
