ProGuard Product Data

ProGuard Met Protect BF - 2 Product Data Sheet

ProGuard Met Protect BF-2 is a naphthenic oil based, barium free corrosion inhibitor that provides up to 24 months of indoor storage protection.

ProGuard Met Protect BF-2 may be applied by dipping or spraying methods and leaves a soft oily film on the part. It is designed to have a high flash point and is suitable for both ferrous and non-ferrous metals.

Benefits

- 20-24 months indoor corrosion protection
- High flash point
- Provides a thin soft oily protective film layer
